

Hello!

Thank you for wanting to be featured on our website! This will live on the home page and be rotated throughout the year with other fantastic cocktails and bartenders from around the country. At the minimum, we need a picture of the drink and how to make it. If you'd like to express your creativity, give a brief storyline of yourself or the drink, or anything else we are happy to help provide that platform. Please use the list below as guidance.

Please include the following:

- Name of your establishment, and a website we can link to
- Instagram handles to be tagged
- Bartender(s) names to be featured, if desired
- Any additional words, information, thoughts that you would like to include
- Name of cocktail
- Build and preparation of cocktail, including glassware & garnish
- Special ingredient prep if necessary and/or desired
- Several photos
 - iPhone is okay
 - If using portrait mode, be wary of blurry glass and garnish edges
 - Multiple orientations
 - Cocktail, bartender, background - All good! Be creative!
