

MI CASA TEQUILA BLANCO

MI CASA TEQUILA

Founded by the Rodriguez family, Mi Casa Tequila is the first certified tequila that uses 100% estate owned agave from Michoacan. Originally launched over a decade ago and recently given new life, its unique offerings include certified 9 year extra añejo Single Barrel and Small Batch as well as 10 year stainless steel rested blanco.

ABOUT THE PROJECT

Together with Fidencio Spirits, the Rodriguez family relaunched the brand with a phased roll out of previously produced tequila from Mi Casa. Phase 1 includes tequila that was bottled over a decade ago and is at least 10 year glass conditioned blanco, reposado and añejo. Phase 2 features a new label design by co-owner Eli Rodriguez and also includes tequila that was produced over a decade ago that had never been bottled. After 9 years in used oak barrels or 10 years in stainless steel tanks, these expressions are a rare perspective in regards to terroir and time.
